Re-Elect Trey Alderman
Dauphin Island Town Council

Over the past 5 years, every action that I have taken and every decision that I have made, has been guided by one question that I repeatedly ask myself: What is best for the Dauphin Island community?

I'm proud of all of the work that I have done this term to improve the quality of life for our residents and visitors. Despite my long list of accomplishments, there is more that I want to do.

During the next term, I will focus on the following major areas:

- Working with the new police chief to enhance and improve police services for Dauphin Island.
- Continued advocacy for Town employees to improve recruitment and retention, including an improved benefits package.
- Moving the fire department under the Town's umbrella and organizing a combination paid/volunteer department that will better serve our Town.
- Continued improvement in the Town's parks and recreational areas.

I would be honored to have your support during this re-election campaign.

Trey

"Having lived on the Island for 54 years, I've had the honor of watching Island kids grow up in this great environment. I am happy to endorse one young man who has accomplished so much in his career and still finds time to volunteer to protect and make ours better. -Councilmember Shirley Robinson

"Trey's heart has always been with the Island, just as one would expect from a native Islander. He has volunteered his entire adult life on the fire department, sharing his medical expertise and skill with those lucky enough to have him come to their aid. He has spent the last 7 years devoting his time and effort to Town government, first on the Planning Commission and currently on the Council, where he has proven to be most effective.
